

Reflections #2

Name: _____ Date: _____ Period: _____

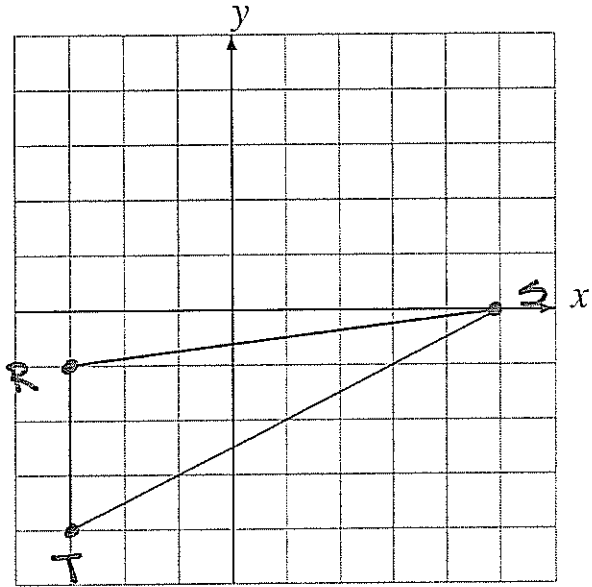

Reflect each of the following polygons over the line of symmetry of given.

1. Reflect over *y-axis*

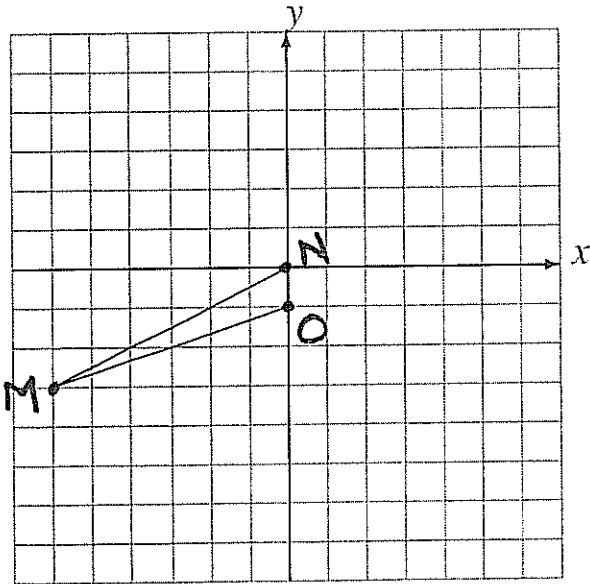

2.

Reflect over *x-axis*

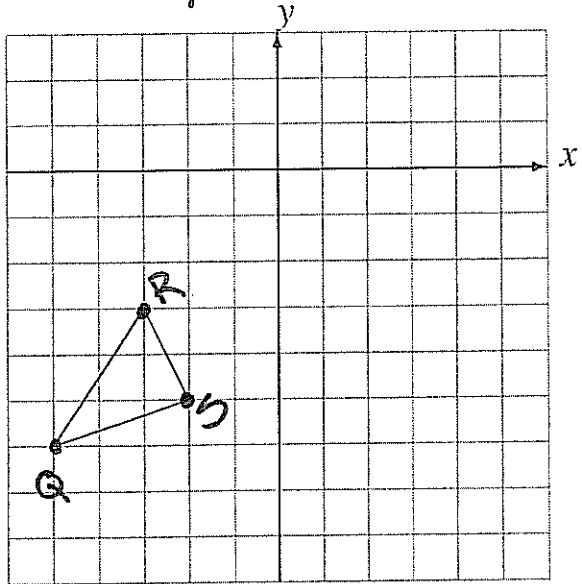

3.

Reflect over *x-axis*

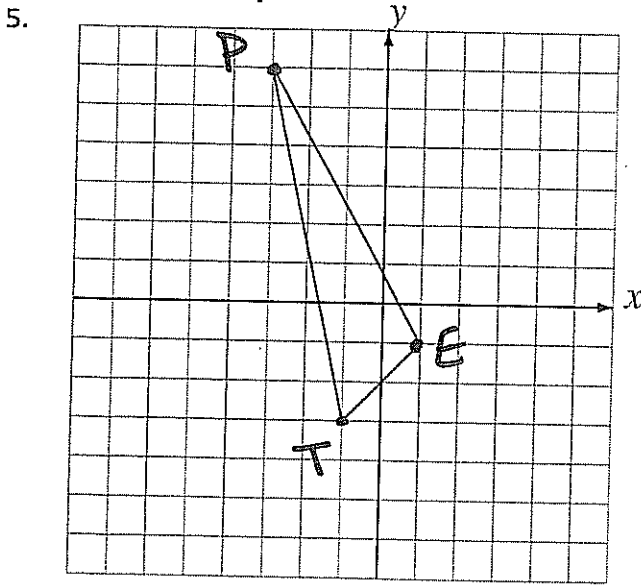

4.

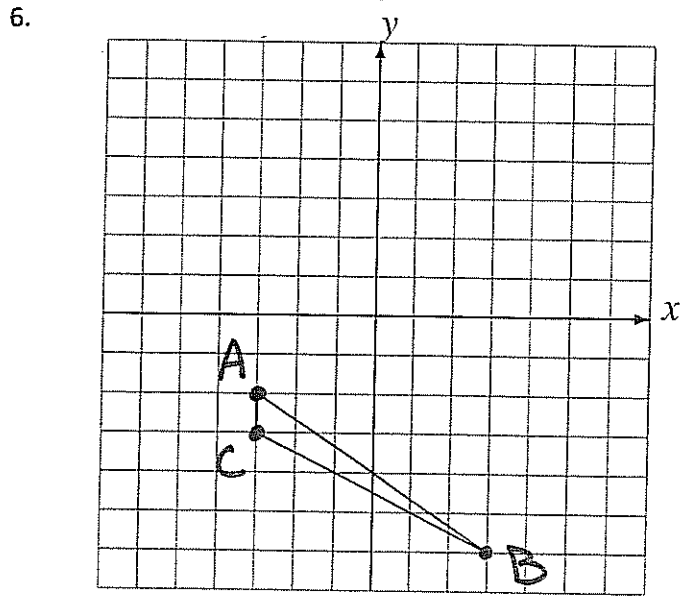

Reflect over *y-axis*

Reflect over y -axis

Reflect over x -axis

7. Without graphing I want you to mathematically find the ordered pairs of $\triangle ABC$ after a reflection over the y -axis.

$A(-3, 4)$ $B(-1, 0)$ $C(3, 2)$

Reflect over y -axis
